PROFILE

With 5+ years of professional experience in ASP.NET Core, C#, SQL, JavaScript, HTML, CSS, and RDLC Report Building. Skilled in developing and integrating APIs, designing robust and scalable back-end web services, implementing schedulers and queue processors, and executing complex data conversions involving parsing and normalization. Beyond technical expertise, I bring a unique personality and positive energy to the workplace, with a knack for fostering camaraderie and collaboration.

EMPLOYMENT HISTORY

Jul 2019 — May 2024

Web Developer III (Senior Developer), Justice Works
Centerville UT

- Led development for the company's two largest case management accounts, supporting over 1,000 daily active users and maintaining 99% up-time.
- Mentored 15+ junior developers, many of whom advanced to team lead and senior developer roles, becoming 100% self-sufficient.
- Designed and implemented 5+ ASP.NET full-stack projects, with 90% delivered on time.
- Delivered code for 30+ case management systems, achieving over 1,000 Agile deployments.
- Engineered a secure, real-time messaging platform for legal teams and inmates, reducing communication delays from weeks to seconds.
- Developed 100+ automated reports in SQL, HTML, and XML, improving runtime efficiency by 200%.
- Executed two large-scale data conversions, ensuring 100% data integrity at launch and facilitating seamless client transitions to new platforms.

May 2024 — Present

AI Trainer / Annotation Specialist, DataAnnotation Tech
(Remote)

- Evaluated 50,000+ lines of code and text, enhancing AI model accuracy in Python, C#, Java, JavaScript, C, and more.
- Developed test cases for AI-generated code, including simulating user environments, resolving missing dependencies, and debugging issues introduced by AI.

May 2018 — Jul 2019

Test Administrator, Pearson Vue
Ogden UT

- Maintained 100% test integrity across 800+ exams by adhering to strict Pearson VUE protocols.
- Ensured uninterrupted testing operations by troubleshooting 15+ desktops.

Nov 2014 — May 2018

Package Handler / Safety Trainer / Delivery Driver , UPS
Ogden UT

- Achieved Employee of the Month for maintaining a 1-in-11,000 misload rate and 100% attendance.
- Led safety training initiatives, achieving a 0% incident rate over nine months.

Mar 2011 — Present

Cello Instructor
Centerville UT

- Mentoring private cellists ranging from beginner to college levels enabling some to earn scholarships paying 100% of their college tuition.
- Training and instilling passion for music theory, history, performance etiquette, advanced cello techniques, and a general appreciation for arts and music.
